PARIS, Jan. 16.—H. Descamps, manager for Georges Carpentier, yesterday said he had received nothing definite with regard to an offer for a fight between Carpentier and Jack Dempsey. He added that so long as he was bound under contract to C. B. Cochrane, the English promoter, he could give no reply to the propositions he had received. Among these he mentioned one from Tex Rickard for \$200,000 for Carpentier.

"I am under the impression," said Descamps, "that the match will be fought in America for the sole reason that I do not believe Dempsey will agree to fight in our country. Carpentier.

that I do not believe Dempsey will agree to fight in our country. Carpentier would prefer to fight in France for a much smaller purse not only ou account of the climate but through friendship for the organizers and because of the benefit that would accrue to France. Carpentier would be willing to sacrifice half of his purse to bring ten or fifteen million france into France."

Exemption Board Head Says Jack Was No Slacker

SAN FRACISCO, Jan. 16 - Jack SAN FRACISCO, Jan 18 Jack Dempsey, heavyweight champion of the world is in no sense a "slacker" or draft "diedger," according to a statement made Thursday by John S. Hogan, San Francisco atterney, who headed the exemption board here which handled Dempsey's case. Hogan said he had investigated Dempsey's claims fully and after establishing the truth of his claim that he had dependents, placed him in class A-4.

Don't crowd or push, gents; there's room for all.

First, there is Earl Caddock, the Anita, Iowa, farmer boy, with a strong caim to the title—merely a claim. Yunderstand. Then there's Jos Stecher, of Dodge, Neb., who asserts he's the real chaimpion and that Caddock doesn't know what he's talking about. Next in line is Ed 'Strangler' Lewis of headlock fame. Lewis is firmly convinced that he should be considered in the champlenship dispute. Comes now Wladek Zbyszko with a roar to be heard. Then there is Marin Plestina, who insists that nobody will wrestle him. Trailing in rear of the long procession is John Pesek, Ad Santel, Jack Taylor and a score of lessery lights, all claimants of the champlonship.

The local baseball magnates, while waiting for Wagner are not letting affy grass grow under their trilbies, for they are still dickering with Jack Leary, of Indianapolis, and Jimmy Austin, of the St. Louis Browne. In case either Austin or Leary should accept the local terms before Wagner is heard from again, they will be acceptable to the lesal ball club and would be named as pilot of the Memphis Chicks. The entire proposition is unsettled, and any capable man who is available will be signed at once and be brought to Memphis.

Claimants of the championship.

But—
There is a bulky person coming to our shores about the middle of February—one Stanislaus Zbyszko—who asserts that Messrs, Caddock, Stecher, Lewis, Flestina et al. are the Prof. Portas of the wrestling world—all of them claimants, but none of them entitled to the championship.

When Zbyszko returned to his native Poland four years ago, he left a string of bewildered wrestlers behind him in this country, all of them glad that he had departed. He had defeated the whole string of them, including virtually all of the present-day stars of the mat. He waded through the entire list, the late Frank Gotch being the only man in the country to upset him. LITTLE ROCK, Ark., Jan. 16. (Spl.)

HE best possible staff of umpires that can be secured are going to perform in the Southern league next season. Dixie magnates at their recent session in Memphis went on record as favoring the most efficient and capable corps of arbiters that may be found, regardless of price. The club owners are fully aware of the detriment to baseball that poor umpires are, and they have already seen in seasons gone by what an inefficient corps of handlers of the indicator can do toward wrecking the attendance. Good unrairing is the best asset a league may have, for without it the

President John D. Martin, of the Southern, is getting together the very cream of minor league umpires. He has already signed Bill Brennan, Hadley Williams, Louis Roth and Harry Johnson. He expects to sign others shortly, among whom are some of the best minor league umps in the
